FOR IMMEDIATE RELEASE

PIRATE'S DINNER ADVENTURE UNVEILS GOVERNOR'S VIP LOUNGE

ORLANDO, Fla. (July 27, 2007) – Pirate's Dinner Adventure has "swashed the buckles" on its Governor's VIP Lounge, offering a luxury-class level of service for guests. Inside the 3,000-square-foot private reception area, individuals can view the pre-show through one-way mirrors and on a closed-circuit TV, enjoy upgraded pre-show appetizers, refresh at a private full-service bar, gain early access into the main show area before the general public, front row seating during the show and have an opportunity for a one-on-one photo opportunity with a cast member. The pricing for this upgrade is \$25 per person. Guests can also opt to upgrade their main meal to a seafood platter (lobster tail, salmon and shrimp) or filet mignon for an additional charge.

Decked-out to resemble the great hall of an 18th century governor's mansion, the room is wrapped in red and gold fleur-de-lis wallpaper and appointed with gilded mirrors, crystal chandeliers, overstuffed couches, ornately carved bars and nautical art. Guests of the governor can expect a special greeting as they arrive to the room and other personalized, upgraded touches that will surprise and delight.

"We created our Governor's VIP Lounge in response to increasing guest requests for upgraded, luxury services and unique experiences they can only find at Pirate's Dinner Adventure," said Michael C. Mack, general manager. "The room is also ideal for private group events and can accommodate up to 100 for a standing reception." The Governor's VIP Lounge is available to individual guests when private events are not in session and on a first-come, first-serve basis.
